

Statement

Date:23rd June, 2021

To Whom it may concern,

We, **Guangzhou Decheng Biotechnology Co., LTD** do hereby declare that our saliva antigen test can detect all mutations viruses including 20I/501Y.V1 B 1.17 from the UK, 20H/501Y.V2 B.1.351 from South Africa, 20J/501Y.V3 P.1 from South America and Delta from India. Since these mutations occur in the spike protein and the recognition site of the raw materials used in our antigen test are the nucleocapsid protein different from mutation sites.

Meanwhile, we will promptly communicate any updates regarding our saliva antigen test. In addition, we will continue our efforts to high quality management standards, so as to provide high quality products.
